Fun For ALL Abilities

This booklet is designed to help you explore your community and find recreational opportunities and activities to suit your child's interests. Many programs will offer accommodations and inclusive opportunities when asked.

Ask to visit ahead of time and work together with program staff to address any concerns you may have.

Working together can make the program successful for your child.

Inclusive OR Specialized?

When planning to enroll your child in a camp or activity, a consideration is whether to look for an inclusive setting (children with and without special needs participating together), or find a specialized experience (exclusively for children with special needs).

Benefits of Sending your Child to an Inclusive Camp/Recreational Activity:

- Gives your child a sense of community belonging;
- Provides an opportunity for growth and a stimulating environment;
- Honors everyone's unique abilities;
- Builds collaboration and interdependence;
- Enhances self-esteem;
- Is often more affordable than specialized programs;
- Allows for siblings to attend together.

Benefits of Sending your Child to a Specialized Camp/Recreational Activity:

- Geared to your child's special needs;
- Provides opportunities to socialize with peers who have similar challenges or disabilities;
- Opportunity to network with other families;
- Most activities and rules will be appropriate for your child.

Plan for Success:

- Consider your child's interests and abilities;
- Look for camps or organizations open to family participation, ideas or suggestions;
- Present your child in a positive light;
- Visit the program/activity location prior to the first day of camp or class;
- Work with your child on gaining appropriate skills;
- Ensure s/he has the necessary equipment, clothing and personal supplies;
- Ask if there's anything you can do to help your child and the staff have a great experience;
- **Register early.**

Need help?

Arc staff is available to assist in talking with local camp or activity directors about inclusion or accommodations.
